Roger West (254) 434-1095
rogerwest@earthlink.net

The Cow Power Sale was designed to allow prominent producers in Central Texas the opportunity to market some of their most productive producing females to commercial and registered producers alike. These powerful females in this event have been the backbone females in many of these herds and their female progeny will go back into these herds to replace them. This event is loaded with 3N1 spring pairs (no pairs will be split) and fall calving females, no yearlings, E.T's or weaned calves, just producing cows. This will be a golden opportunity for aggressive breeders, commercial and registered alike to add cow power to their herds and acquire purebred Angus genetics to build a herd around.

The cattle in this event will have all breeding info published in the catalog and have up to date EPD's from the fall 2009 Angus sire summary along with any progeny data that has been turned into AHIR. Many animals in this event will be carriers of AM and NH or potential carriers, all confirmed AM and NH carriers will be published on each female in the catalog. As long as all buyers of these carrier or potential carrier females use AMF and NHF A.I. sires as well as use AMF & NHF clean up bulls on these females they will never experience any effects of these two genetics defects and will be able to register the clean progeny forever and the carrier progeny for the next three years out of these powerful cows. All animals in this event will sell under the standard terms of the American Angus Association as well as a breeding guarantee the seller.

Roger West and I are extremely excited about this event and bringing this great opportunity to commercial and register cattlemen in Texas and other states beyond. We feel this is truly a great set of hard working females assembled that will go on to be profitable for their new owners. If you have any questions about this event or any animals in it, don't hesitate to contact Roger West (254-434-1095) or myself, Parker Friedrich (254-413-2420).
